65375 51 Wardie Road, Edinburgh - Road Ownership Records

We note the status of the carriageways/footways/verges ex adverso the subjects is:

Wardie Road (Section North of Afton Terrace/Cargil Terrace) - Carriageway/Footway - Not Adopted. I note the road referred to appears to give access to the rear of Wardie Primary school.

I am trying to ascertain whether you are able to access any records of the roads ownership,

While our Roads Asset Management department can provide information on what is or is not adopted, we do not hold records of road or land ownership. The Council's Estates Research team can provide information on what is Council owned; however, where a location is privately owned, you would need to contact the Registers of Scotland to establish the private owners, which may incur a fee.

We are unable to provide you with information on construction as it is not held by the Council.

As the section of Wardie Road in question is private, the only maintenance record for this private section of Wardie Road was at its junction with Afton Terrace, which is an adopted road. Please see Site History Report attached.

Finally, Roads Asset Management does not hold any records of historic adoption proposals.
